

Expanse TIP SHEET

Pediatric Bronchiolitis Score

The pediatric bronchiolitis score has been modified to include an area to document mental status as well as update the age ranges within the respiratory rate scoring sections.

<input type="checkbox"/> Pediatric Bronchiolitis Score		<p>"Mental Status" is a new addition within the pediatric bronchiolitis score.</p> <ul style="list-style-type: none"> This selection does not contribute to the overall bronchiolitis score.
