# Ongoing Competencies

## Trauma and Burn Injury Prevention Virtual Conference

**When:** Friday, December 4, 2026, 8:00am - 1:00pm CST
**Registration Deadline:** **Wednesday, December 2, 2026**
**Where:** WebEx Live

**Description:** This accredited continuing education activity is designed to provide healthcare professionals, public health practitioners, and injury prevention specialists with the knowledge and skills to effectively reduce the incidence of burn and traumatic injuries in their service area.
**Objectives:** At the end of the program, the participants will be able to:
1. Identify trauma and burn injury trends, risks, and prevention strategies.
2. Apply effective communication and education strategies to promote injury prevention and safer behaviors across diverse populations.
3. Summarize key elements of an effective trauma injury prevention program and American College of Surgeons (ACS) compliance requirements.
4. Utilize data and partnerships to identify injury trends and target prevention efforts.
5. Develop sustainable, community-based injury prevention programs.
